

Wirtschaftswissenschaftliche Fakultät

Chair for Entrepreneurial and Behavioral Decision Making
Professor Dr. Christian D. Schade

Registration
Seminar on Entrepreneurship and Innovation Theory
Winter Term 2025/26
(Registration Deadline: 30.09.2025)

Please read before signing up!

Herewith, I register for the Seminar on Entrepreneurship and Innovation Theory in the Winter Term 2025/26.

20 Students can be accepted to the seminar. In case of more applications the participants have to be chosen randomly by a lottery draw (in the first session) due to regulations. Topics will be allocated to the participants on **October 20, 2025** (2 pm to 4 pm; Spandauer Straße 1, Room 23). In the rare event that you cannot attend this meeting, please contact the chair and find a fellow student to represent you and to vote for a topic on your behalf. By signing this registration form (may be emailed), you accept the topic chosen. However, within two weeks you have to come to our office in person and sign the registration sheet for the examination office. The signature is only possible in person and not via email or a representative. If you do not attend and do not have someone representing you at the meeting, your name will be taken off the list and the slot will be allocated to someone on the waiting list.

Please note that although we cannot force attendance, your attendance might be required at all sessions as each session may potentially be allocated to you as presenter or discussant, sometimes short term because of sickness of a presenter or discussant, etc.

Deregistration is possible in written form until **November 3rd, 2025 at the latest**. Any withdrawals after this date cannot be accepted. Also, a failure to sign the formal seminar list in person by November 3rd, 2025 will lead to your name being taken off the list. A failure to submit the paper, non-attendance as presenter as well as non-attendance as discussant will result in failing the course.

The seminar paper should not only present the topic allocated to you, but will be preceded by a section where your topic is set in the context of the seminar discussion of all seminar topics.

Registration
Seminar on Entrepreneurship and Innovation Theory
Winter Term 2025/26

I agree to receiving information via email and to the recording of my personal data for the purpose of the seminar organization.

Name, First Name

Students ID
