

## Writing a master thesis at the Chair of Management

Successful participation in the following courses is strongly recommended to write a master thesis at the Chair of Management:

- Organization and Management
- Personnel Economics OR Incentives in Organizations
- Advanced Topics in Management (seminar)

In order to apply for writing the master thesis at the Chair of Management, please send an e-mail to [myrna.selling@hu-berlin.de](mailto:myrna.selling@hu-berlin.de) with the following information:

- when you would like to start writing your master thesis (i.e., intended date of registration at the examination office)
- transcript of records

In case you haven't yet received your grade for one of the above courses or you intend to take one of the respective exams after the application deadline, please indicate that in your application.

If you would like to write your master thesis during the

- **winter term, the application deadline is September 1**
- **summer term, the application deadline is February 28.**

You will be notified by the end of September/March about the outcome and the further procedure, including a list of topics for the master thesis. After choosing a topic but before the official registration of your master thesis at the examination office, you need to hand in a proposal for the thesis outline and a first draft of the introduction of your thesis. Also, you can register your master thesis only after you have passed the above courses.

Alternatively to choosing a topic from the list, you may also propose a topic. In this case, you need to prepare a proposal (3-4 pages) that describes and motivates your research question, outlines the thesis, and provides an overview of the most relevant literature on your topic. We will then meet to discuss your proposal and decide whether the topic is suitable for writing a master thesis.

You can find further information on moodle, including examples of previous topics:
