

ICT Graduate Programme

Almost everything you eat or drink contains a **Kerry ingredient or flavour**. We work with **thousands of customers** across the globe, including the top 10 supermarkets, quick-serve restaurants and brands; in fact, any food or beverage you can imagine.

Anyone can see the world. But what about the chance to change it? The work you will do with us will have an impact on food and beverage across the globe. That's not something every company can offer!

Here's some of the really tasty bits about our programme

- We make graduates **permanent** from the word go.
- We are a global company **exploring global opportunities**. A large proportion of those on our Graduate Programme get to work and live abroad.
- Many of our directors and department heads began their careers through our Graduate Programme. **Motivation and passion can take you all the way to the top.**
- **Responsibility comes early.** We want you to develop the functional and leadership skills you need to make a real difference.

ICT Graduates

Our ICT Graduates play a key role in executing our **global business transformation projects**. The culture within ICT is one of **constant innovation and team work**. The pace is fast but there is real satisfaction in seeing a solution you have worked on being implemented globally.

“The Graduate Programme at Kerry is very career-oriented. From the first month on you are given real work which has a visible impact on the business. We have a good mix of youth and experience. Everyone works hard and we are recognized for doing so.”
- Liam Shannon, ICT 2016 Graduate Intake

The Kerry logo is displayed in white, bold, uppercase letters on a dark blue rectangular background. A thin yellow horizontal line is positioned directly beneath the letters. The background of the entire slide features a collage of various food items, including small appetizers, breads, and vegetables, arranged on wooden surfaces.
