

Call for applications: Young Digital Changers Scholarship

**Artificial Intelligence | Big Data | Climate Impact | Cyber Security | Digital Society | Industrie 4.0
Digital Technologies | High Performance Computing | Internet of Things | Predictive Simulation**

Become a Young Digital Changer and get free admission to the Digital Future Science Match

At the **Digital Future Science Match** 2018 in Berlin, up to 50 international top scientists will present their current research and share their visions of the digital future – all in just one day. Join us on a thrilling journey through the research labs of renowned institutions and discover what the future holds for us. As a Young Digital Changer, you will get free admission to this stunning event.

Digital Future Science Match

May 14, 2018, 9 am to 6 pm

KOSMOS, Karl-Marx-Allee 131A, 10243 Berlin

Apply for the Young Changers scholarship and take advantage of the following benefits:

- Get free admission to the Digital Future Science Match on May 14, 2018 (regular price 900€ plus VAT)
- Get in close contact with leading scientists from universities, foundations, think tanks and other research institutions as well as company representatives
- Receive a one-year subscription of the daily newspaper Tagesspiegel as e-paper and the daily electronic newsletters Tagesspiegel-Morgenlage and Tagesspiegel-Checkpoint for free
