

Corporate Restructuring

(VL + UE, 4 SWS, 6 SP)

This course prepares students to understand and evaluate several types of corporate restructurings. Upon completion of the course, students will be familiar with the major issues surrounding mergers and acquisitions, leveraged buyouts, spin-offs, and divestitures, as well as reorganizations in financial distress. Case studies and practitioner talks are an integral part of this course.

Prerequisite: Finance Theory

Literature: Lecture Notes and Case Studies

Evaluation: written exam (90 min)
