

Business Administration as a second subject in combined bachelor's course (60 CP)

StO/PO vom 15.08.2016, Amtliches Mitteilungsblatt 45/2016

Information about course transfer :

<https://www.wiwi.hu-berlin.de/de/studium/pa/anerkennung/anerkennung>

Compulsory Courses (36 CP):

(24 credit points from the highest graded courses of the 36 credit points from compulsory courses are relevant for the final grade)

Financial Accounting I (6 CP) (WiSe)
Marketing and E-Business (6 CP) (WiSe)
Strategy, Organisation and Information Technology (6 CP) (SoSe)
Foundations of Corporate Finance I (6 CP) (SoSe)

Mathematics I* (6 CP) (WiSe)
Statistics I* (6 CP) (SoSe)

Catalogue of specialised electives (24 CP)

The remaining **24 credit points** are acquired from the following Business Administration modules and topics:

Management Accounting I (6 CP) (SoSe)
Foundations of Corporate Finance II (6 CP) (WiSe)

Taxation and Tax Management Studies
Entrepreneurship
Finance
Financial Economics
Management
Marketing
Management Accounting/Controlling
Financial Accounting/Controlling
Information Systems
Operations Research

12 out of the 24 credit points can be acquired in a semester abroad. These courses have to be graded Business Administration courses.

***Important note:**

If students have already learned the content of the Mathematics I or Statistics I compulsory modules as part of the core subject, they have to take the course "Introduction to Econometrics". For example, students with the core subjects Computer Science or Mathematics have to replace Mathematics I.
